13. Chair's Report: Please provide a narrative of the past year's activity/successes/challenges *

It was an honor to be the Chair of the Georgia Local Section in the year 2022. As a section chair, I had the opportunity to supervise, coordinate, and provide overall direction of section activities throughout the year of my leadership. I am extremely grateful for all the efforts and hard work put forward by our local section volunteers. Including an overview of section or committee activities over the past year, including events, meetings, and outreach efforts. We had some Covid-facing challenges as a section, but we very successfully solved those with a combination of virtual and in-person events depending on the event type. We had new members and officers join, additional volunteering members added and many attending leadership activities so they can help the local section excel. We had many exciting events throughout the year and amazing participation and appreciation by members, who served the section with their best initiatives. Below, we describe how our local section can manage better the section or committee's budget, including any major expenses or investments. Our events list clearly covers monthly meetings plus special events and award-winning activities, some of which were held in collaborations or partnerships with other organizations or sections within ACS, like MAC, YCC, and WCC. The success of these events, described in detail along with reports, brochures, pictures and are a true reflection of our local Georgia section or committee's progress towards successfully achieving our goals and objectives. We have many recognitions of outstanding achievements or contributions by our members or officers of the local Georgia section and our executive team. Our local section is successful and did a great job in 2022 because of hard work, kindness, and volunteering for long hours. As a Chair, I extend gratitude to all members, officers, and volunteers for their dedication and hard work in supporting the ACS mission through our local Georgia section. The description below is highlighting the experiences, skills, as well as our local section's goals and objectives. We are highlighting plans that include background, our Georgia local sections' involvement in various outreach activities, educational and entertaining events, and their comparison with previous activities, and why we believe that these activities and objectives were an asset to our local Georgia section. We believe that we have demonstrated that our Georgia Local Section was very passionate, and we committed to our goals at a very high level such that we excelled in 2022 at the top level. Through these events, we tried to constantly make our goals easily achievable and yet at the highest level of excellence. Some of these events helped in bringing members together to bind and network while helping local communities. Some of our events promoted membership participation and encouraged new members. Some of the other events helped us keep our continued progress on track. We participated in special programs project SEED initiative at GGC and had excellent participation, where HMURS/HERTY participants were invited. We applied and won the volunteer of the year award as well as excelled in winning MAC & WCC programs. One of our MAC volunteers was nominated and won the Stanley C. Israel Regional Award for Advancing Diversity in the chemical sciences. Overall, 2022 was an excellent year for the Georgia Local Section with 11 successful events with great attendance,
networking, and excellent event planning. We had further leadership developed and articulated, and we managed to execute as per our Vision & Mission statements, Goals, Strategies, and Metrics, with designated champions for each event we planned. The goals of these events were aligned with ACS's mission and vision, and as Chair in 2022, I made sure to continue the ACS Goals and mission. The 2022 executive committee has collectively provided the section with a clear vision. Other major initiatives included: the Backpack for Barbara IPG Grant of $3500 which activated the $1500 matching funds. MAC/WCC Breast Cancer Event, MAC Awards, and HERTY/HMURS Member Engagement: Personal email and phone calls were made to all 50/60/70/80 members. Got Many seniors showed interest and they were requested to give a talk about their careers. I used my chair discretion funds to pay for uber taxi changes for one of the senior members with a disability. The 50/60/70/80 event was super successful. I am grateful and honored to have an opportunity to be representing our local Georgia section. I am very passionate about chemistry and helping folks to reach heights in their professional career. I was able to recruit many new volunteers as well. I am grateful for all the efforts and hard work put forward by the local section volunteers. Overall, 2022 was an excellent year for the Georgia Local Section. We are all very proud and we all make an excellent Excomm team together. "Go Georgia Local Section Team"

Will be presenting special gift cards to all volunteers who have helped me the most this year. They will be presented, along with ChemLuminary, and other awards the next time we have an in-person meeting. Past-Chair in my realm sent a very nice and prestigious letter to the manager of Ram Sabnis. A copy of this letter is available. Will try to figure out where to upload that letter.

Nomination

The Local Section (LS) Outstanding Performance (OP) ChemLuminary Award is given annually to a local section in each section size category by the Local Section Activities Committee. This award recognizes the most outstanding performance of a LS in a particular size category in supporting ACS, its section members, students, the public, the education enterprise, industry, other ACS sections, other professional societies, and partnering organizations. The review is based solely on the LS FORMS annual report (AR), considering primarily the summary self-nomination statement below and the summary descriptions contained within Events, Activities, and Meetings. Other performance indicators may include administrative (e.g. participation in elections) and financial (e.g. sound budgetary policy) aspects. Timely submission of your administration and financial forms is a major factor in the evaluation of your LS for the Outstanding Performance Award.

1. Our Section would like to self-nominate for the Local Section Outstanding Performance Award *

   Yes
   No

   Please provide a summary self-nomination statement of 500-word or less. The summary statement should highlight local section's activities to support your nomination.

   The description below is highlighting the experiences, skills, as well as our local section's goals and objectives achieved under my Chairmanship. I am highlighting plans that include background, our local sections' involvement in various outreach activities, educational and entertaining events, and their comparison with previous activities, and why I believe that these activities and objectives were an asset to our local Georgia section. I believe that we have demonstrated that our Georgia Local Section was passionate, and we committed to our goals at a very high level such that we excelled in 2022. Here is the list of the first orders of business: 1) We defined a clear and measurable five-year strategy and goals. 2) We constantly reviewed and kept adjusting these goals to ensure the achievability of each of the goals. 3) We developed an action plan for achieving each goal. 4) We promoted membership participation. 5) We regularly measured progress to stay on track. Some of the biggest changes we made, as a team, in our local section and continue to operate and support are A) The financial planning and budgeting made more transparent, and B) Developing a modified spending plan to align non-profit reserve levels with cash reserves. We participated in special programs project SEED initiative at GGC, where HMURS/HERTY participants were invited. We won the volunteer of the year award as well as excelled in winning MAC & WCC programs. One of our MAC volunteers was nominated and won the Stanley C. Israel Regional Award for Advancing Diversity in the chemical sciences. Overall, 2022 was an excellent year for the Georgia Local Section with 11 successful events with great attendance, networking, and excellent event planning. I strongly feel that with my leadership, I encourage making all the events a lot more fun, I encouraged people to participate and clicked a lot of pictures to get people more interested. In 2021, we had a leadership strategy developed to execute a five-year strategy for our section, including Vision & Mission statements, Goals, and Strategies with designated champions for each initiative. These goals were aligned with ACS's mission and vision and as Chair in 2022 I made sure to continue this mission. Other major initiatives included: the Backpack for Barbara IPG Grant of $3500 which activated the $1500 matching funds. MAC/WCC Breast Cancer Event, MAC Awards, and HERTY/HMURS Member Engagement: Under my planning, personal email and phone calls were made to all 50/60/70/80 members.
